

Stargazer Ceilings

INVISIBLE BY DAY! INCREDIBLE BY NIGHT!

Now with Stargazer Ceilings magic happens every night!
Bring your dull ceiling to life, it's as if someone just lifted the roof right off.

• *Relaxing* • *Romantic* • *Mesmerising* • *Inspiring*

Imagine an entire ceiling gone! With Stargazer Ceiling's star mural, children can stargaze and learn the famous constellations. Adults can relax under the stars as their worries of the day melt away. And then the romance starts!

"Those that are afraid of the dark will now go to sleep with a blanket of stars!"

Children can even get themed spaceships, angels and fairies, their favourite Disney characters, Dr Who, or anything imaginable. (Has helped with insomnia, autism etc.)
